<b>Preface</b>	<b>1</b>
Some History . . . . .	1
Why this book is so long... . . . . .	2
<hr/>	
<b>1</b> <i>Quick Overview of Guppy Care</i>	<b>5</b>
Setting Up . . . . .	5
Adding New Fish . . . . .	6
Maintenance . . . . .	7
Disease . . . . .	8
Breeding . . . . .	8
Conclusion . . . . .	9
<hr/>	
<b>2</b> <i>Setting Up the Fish Room</i>	<b>11</b>
How Many Tanks? . . . . .	11
Design Considerations . . . . .	12
Heating the Fish Room . . . . .	12
Combatting Moisture . . . . .	13
Housing Tanks . . . . .	14
Use Wooden Racks . . . . .	14
Design Considerations . . . . .	14
Tank Planning . . . . .	15
Aerating the Tanks . . . . .	17
Circulating the Water . . . . .	17
Pumps . . . . .	18
PVC Distribution. . . . .	18

	Keeping the Water Clean . . . . .	19
	Lighting the Tanks. . . . .	20
	Other Fish Room Equipment . . . . .	21
	Water Storage Tank . . . . .	21
	Air Circulation. . . . .	21
	Bar Fridge . . . . .	21
<hr/>		
<b>3</b>	<i>Stabilizing Water Parameters</i> . . . . .	23
	Guppy Adaptability . . . . .	24
	Water Temperature . . . . .	26
	Stabilizing Water Parameters. . . . .	27
	pH Stabilizing. . . . .	28
	GH Adjustments. . . . .	29
	Salt . . . . .	29
	Other Methods of Altering pH and Hardness . . . . .	30
<hr/>		
<b>4</b>	<i>Routine Maintenance</i> . . . . .	31
	The Nitrogen Cycle . . . . .	32
	Maximizing the Nitrogen Cycle . . . . .	33
	Sterilizing Tanks and Equipment . . . . .	34
	Organic Pollutants . . . . .	35
	Water Change Checklist . . . . .	37
	Conclusion . . . . .	37
<hr/>		
<b>6</b>	<i>Disease and Treatment</i> . . . . .	39
	Guppy Hardiness . . . . .	40
	Disease Defense Systems. . . . .	41
	Guppy Stress . . . . .	41
	Correcting Stressful Conditions . . . . .	42

Sudden Changes in Water Conditions . . . . .	42
Biological Stressors . . . . .	42
Chemical Stressors. . . . .	43
Poor Water Conditions . . . . .	44
Incorrect Water Parameters. . . . .	44
Poor Diet . . . . .	45
Physical Stressors . . . . .	45
Female Birthing. . . . .	45
Summary. . . . .	45
Weak Strains . . . . .	45
Types of Diseases . . . . .	46
Non-Infectious Diseases . . . . .	46
Infectious Diseases . . . . .	46
Bacterial . . . . .	46
Viral . . . . .	48
Parasitic . . . . .	48
Fungal . . . . .	48
Treating Guppy Diseases . . . . .	48
Three Step Treatment Program . . . . .	49
A Hobby Geneticist's Regime . . . . .	50
<hr/>	
<b>6</b> <i>Food and Feeding</i> . . . . .	53
Nutrition and Growth . . . . .	54
Nutrition and Guppy Health . . . . .	56
Nutrition and Fertility . . . . .	57
Live Foods and Fertility. . . . .	57
The Guppy Digestion System . . . . .	58
The Efficient Eating Machine . . . . .	59

Guppy Energy Requirements . . . . .	60
Growth Factors . . . . .	62
Evaluating Guppy Foods . . . . .	63
Protein and Amino Acids . . . . .	64
Carbohydrates and Raw Fiber . . . . .	66
Ash (Minerals) . . . . .	67
Vitamins and Trace Elements . . . . .	67
Neutrals. . . . .	69
Practical Feeding Advice . . . . .	71
Feeding Stimuli . . . . .	72
Training to Eat. . . . .	72
Feeding Schedule . . . . .	73
Live or Decapsulated BBS? . . . . .	74
Artemia Hatching Tips . . . . .	76
Container. . . . .	76
Light . . . . .	76
Storage and Use of the Eggs . . . . .	77
Salt . . . . .	77
pH . . . . .	77
Temperature . . . . .	77
Sterilization. . . . .	77
Aeration . . . . .	78
Hatching and Storing the Hatch. . . . .	78
<hr/>	
<b>7</b> <i>Guppy Growth and Development</i> . . . . .	79
The Livebearer Strategy . . . . .	79
Life Cycle . . . . .	80
Hormonal Factors in Development . . . . .	80

Temperature and Growth . . . . .	81
Male Development . . . . .	81
Male Sexual Behavior . . . . .	82
Male Fertility . . . . .	83
Female Sexual Behavior . . . . .	83
Female Preference . . . . .	84
Dressed to Eat . . . . .	84
Other Studies in Color and Female Preference. . . . .	87
Female Development . . . . .	88
Female Fertility . . . . .	88
Factors Affecting Female Fertility . . . . .	88
Female Sperm Storage . . . . .	89
Egg Development . . . . .	89
Birthing . . . . .	90
Egg-Bound Females . . . . .	91
Overdue Females . . . . .	91
Female Receptivity after Birthing . . . . .	91
Collecting the Fry . . . . .	92
Fry Development . . . . .	93
Fry Feeding . . . . .	94
Other Growth Stimulants . . . . .	94
How Much Is Too Much? . . . . .	94
